

Which Site to Choose and Why?

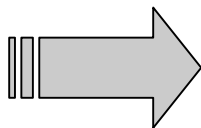

Search your keyword, print out a list, and then evaluate which sites are best.

Print out a list of web sites to evaluate:

- ✓ Think about the criteria for evaluating web sites
- ✓ Read the brief description of the site to see if it has the information you need
- ✓ Find sites that will get a +, ✓, or - rating and tell why you gave the rating

Website	Rating + ✓ -	Why did you give this rating?

It is so important to think about which web sites might offer you the best chance of finding the information you need. Study before you click!
